Ref. No.213 SCAORA.2025

Date:02.06.2025

Mr. Shekhar C. Munghate  
Secretary General,  
Supreme Court of India,  
New Delhi.

Respected Sir,

**Subject: Enhancement of IT Infrastructure and Implementation of Biometric Security System**

We hope this letter finds you well. As you are aware, the Supreme Court of India is the pinnacle of the judicial system, and it is imperative that its infrastructure and security systems are commensurate with its stature. In this regard, we would like to request the enhancement of the current IT infrastructure setup in the Supreme Court.

Furthermore, we propose the implementation of a biometric system for entry and exit in the Supreme Court premises. This system would utilize thumb impression and face recognition technology, thereby eliminating the need for proximity cards. This would not only enhance the security of the high-security zone but also provide a convenient and efficient way for members of the Bar to access the premises.

The benefits of this system would be multifaceted:

**Enhanced Security:** Biometric authentication would provide an additional layer of security, ensuring that only authorized individuals can access the premises.

**Convenience:** Members of the Bar would no longer need to rely on proximity cards, which are often lost or malfunction.

**Accurate Record-Keeping:** The biometric system would maintain a record of entry and exit, which would be useful for various purposes.

## SUPREME COURT ADVOCATES-ON-RECORD ASSOCIATION (Regd.)

We believe that the implementation of a biometric system would be a significant step towards modernizing the Supreme Court's infrastructure and enhancing its security. We would be grateful if you could consider our proposal and take necessary steps to implement the same.

Thank you for your attention to this matter.

Best regards,

  
**NIKHIL JAIN**  
Hon. Secretary  
SCAORA
